

Diapering and Toileting Agreement

Student Name: _____ Birth Date: _____

As part of the Montessori Early Primary Curriculum, I understand that my child will take part in the toilet learning process at school. Stand Up Diapering will be done on my child before toilet learning, as it helps to promote the independence of the child.

I understand that I will not send my child to school in underwear as part of the toilet learning process without having a toilet readiness conference with my child's classroom teacher. At this time, the transition process and timeline will be shared with each family. After two weeks of the child being in underwear at school, the teacher will offer feedback to the parent on next steps. If after two weeks of the initial trial, there is a pattern of consistent accidents, the teacher will share an amended plan with the parents.

As part of the trial accommodations to toileting, the child will be offered to use the toilet every 30 minutes. An adult faculty will also assist to ensure the child has necessary dressing skills.

Parent Name: _____ Date: _____

Parent Signature: _____
